## 2019 INTERSCHOOL EQUESTRIAN FESTIVAL

In 2005, Equestrian Western Australia held its first full-scale Interschool Championships at the State Equestrian Centre, Brigadoon. An overwhelming response saw over 350 entries, with competitors coming from schools as far away from Perth as Geraldton, Kalgoorlie and Albany. More than 1500 spectators, competitors and children contributed to the festival atmosphere as they watched primary and secondary school riders compete as individuals and as members of school teams during three days of dressage, show jumping and show horse events. Competitors ranged from the state's most promising young riders to those who had never before competed at a show of this magnitude.

Having proved hugely successful, Interschool Western Australia (ISWA) has grown over the last twelve years, and is now firmly established as event on the WA school and equestrian calendars. 2019 will see Equestrian Western Australia host this prestigious competition again enabling young athletes to show case their equestrian skills and qualify for the National Interschool Championships. 2019 will also see the equestrian festival hold participation classes for interschool competitors to participate in this competition enabling young athletes to experience this exciting competition. The Championships in 2019 will be held in the heart of the Swan Valley at the State Equestrian Centre from 26<sup>th</sup>-28<sup>th</sup> April. This year the Combined Training Championship will be held on 24<sup>th</sup> of April again at the State Equestrian Centre. Smaller sponsorship packages are available for this date.

### The Significance of Sponsorship Support

Producing an event of this magnitude takes significant funding. Financial support is imperative to fulfil our mandate to provide a structured competitive environment in which young riders in WA can represent their schools in their chosen sport. To achieve this, EWA is inviting businesses and individual sponsors to support this event.

It takes exceptional focus and dedication to ride and school horses. Young riders develop a strong sense of personal responsibility, and most must sacrifice involvement in school activities in order to participate in such a time consuming sport. Your support of the Interschool Championships will help EWA to offer these students a unique opportunity to represent their schools.

## Positive Reinforcement

Sponsors of the Interschool Championships are associated with a highly positive youth venture that has a growing profile throughout the state. The large number of participants and spectators also provides sponsors with exposure to a state-wide consumer base. We invite you to become involved at the 'grassroots' level of this high profile event. Supporters of Equestrian Western Australia enjoy:

- **Positive association** with a high profile, healthy youth event.
- **Brand reinforcement** through media and promotional material before, during and after the event.
- **High visibility** of your product or services to a captive target audience.
- **Extensive product/brand awareness** through banners, trade stands, awards, audio acknowledgement, etc during the event.
