Swan Valley Equestrian Park Rules

Float Parking

Floats MUST be parked at an angle alongside the arena. This means you MUST drive down around the statue near the clubhouse before returning to a spot and parking with your nose in as close as possible. This way there is more room for everyone and it is safer. Please also make sure you leave sufficient room between your vehicle and the next. This procedure is clearly outlined on the diagram (see right).

There is also space for overflow floats near the day yards.

Spectators' cars must not be parked in the float parking areas -please park alongside the clubhouse, near "Rusty" the big horse statue. This is a requirement of our insurance.

Yards

There are limited yards available. Stallions will have precedence over other horses.

Strictly no portable yards to be set up as per SVEP rules

Horse Manure

Please make sure you clean up after yourself and your horses. This means picking up as much stray hay as possible and, most importantly, clearing up ALL manure and other rubbish. If your horse has dug a hole, please ensure it has been filled in before you leave.

Please No Dogs

Much as we love our dogs, please do not bring your dog to the SVEP. This is a SVEP requirement. You will be politely asked to leave. This includes leaving dogs in cars, which is not allowed.
