Cross Country Course: The 2** and 3*** courses have been recently constructed by FEI International course designer John Nicholson. The 1* and EvA105 courses will also be upgraded this year with the help of Martin Hellier and Ian Campbell. (WAYER is hoping to continue to upgrade all levels in the future.) The course is situated on the plains of the Swan River and includes both permanent and transportable type fences. There is a water complex and good open grassed country for galloping. The EvA95 and EvA80 courses are very encouraging for young or inexperienced horse and rider combinations.
