EQUESTRIAN
WESTERN AUSTRALIA

INTRODUCTION

The purpose of Equestrian Western Australia's (EWA) High Performance Pathway is to assist talented combinations to further their equestrian development.

All squads are based on General and Competition criteria as listed below.

In selecting and assessing potential squad members, the WA State Selectors will source information from and consult with a range of suitable personnel with the appropriate expertise and knowledge.

Squads for the following year are selected based upon results from the preceding six to twelve months, as reviewed by the Selection Panel. Combinations will be asked to submit an application to the EWA High Performance Manager (HPM) to assist Selectors in their choices. All eligible WA riders will be reviewed by the State Selection Panel with successful applicants notified via email shortly after.

Squads are reviewed bi-annually, in January and July to ensure all squad combinations have performances that meet the selection criteria.

Should a combination be chosen for selection, they must then return a signed Athlete Agreement & Code of Conduct by the stated date to the EWA HPM. Current Squad riders will also be subjected to biannual performance reviews, and are not guaranteed a squad position if they do not meet criteria.

Combinations travelling Interstate or Overseas for the purpose of training and/or competition will be commended for their efforts, and should they continue to represent WA at the standards required, will remain listed to the Squad. In such cases, travelling squad members must continue to correspond with the EWA HPM as per guidelines in their Athlete Agreements.
