SELECTION CRITERIA

Introduction

The purpose of Equestrian Western Australia's (EWA) High Performance Pathway is to assist talented combinations to further their equestrian development with the view to being selected onto Australian National Squads. Squads for Vaulting within the Equestrian WA High Performance Pathways focus primarily on developing West Australian athletes toward competing at major Australian competitions such as the State Championships around the country and the Australian Vaulting National Championships. With the development of the Squad, potential for participation at CVI's in Australian can also be anticipated.

All squads are based on General and Competition criteria as listed in this document. In selecting and assessing potential squad members, the WA State Selectors will source information from and consult with a range of suitable personnel with the appropriate expertise and knowledge.

Selection onto the Squad will provide some support through the WA High Performance Program to assist selected athletes to develop further. It will include clinics to educate vaulters about the demands of higher level competition; promote improved gymnastic skills and provide measurable training programs for the individuals.

This program aims to assist athletes further within their current training situations and will not in any way reduce the need for high level 'home base' training. Selection into the program does not guarantee selection to any event.

Squads for the following year are selected based upon results from the preceding six to twelve months, as reviewed by the Selection Panel. Combinations may be asked to

submit an application to the EWA High Performance Officer (HPO) to assist Selectors in their choices. All eligible WA riders will be reviewed by the State Selection Panel with successful applicants notified via email shortly after. Squads are reviewed annually, in December. Should a combination be considered for selection, they must then return a signed **Athlete Code of Conduct** by the stated date to the EWA HPO. Current Squad riders will also be subjected to biannual performance reviews, and are not guaranteed a squad position if they do not meet criteria.

Combinations travelling Interstate or Overseas for the purpose of training and/or competition will be commended for their efforts, and should they continue to represent WA at the standards required, will remain listed to the Squad. In such cases, travelling squad members must continue to correspond with the EWA High Performance Officer as per guidelines in their Athlete Agreements.
