COMBINED TRAINING CHAMPIONSHIP

COMBINED TRAINING CHAMPIONSHIP RULES

The Combined Training will run in accordance with Current EA National Eventing Rules Annex J, which can be obtained from the website, and offers dressage and jumping phases only.

- Riders are only permitted to compete in one class per horse. The same horse and rider combination must complete both phases of the competition. Elimination from one phase involves elimination from the competition.
- Active Eventing riders with 2 or more class MER'S as a combination in the previous 12 months from the date of start of competition cannot enter Combined Training at a level lower than they received those MER's as a combination.
- A Minimum Eligibility Requirement is achieved by completing a Competition within minimum parameters of all round performance as follows:
 - a) Dressage Test: not more than 45 penalty points (or 55%).
 - b) Cross Country Test: A clear round at obstacles (activating a maximum of one frangible device or having a maximum of one missing flag will maintain the MER result on Cross Country) or Not more than 75 seconds exceeding the optimum time in the Cross Country Test for, two, three and four star level Competitions and 100 seconds in the case of five star level Competitions.
 - c) Jumping Test: not more than 16 penalties at obstacles.
- UPDATE 22 January WHIPS ARE PERMITTED in the dressage phase up to including EvA80.
- Whips of no more than 75cm not weighted are allowed in the jumping phase at all levels.
- As per eventing rules, gear checking for the dressage phase is not required however stewards will be observing and may request to check your gear. Please ensure you are aware of the rules.
- Per current National Eventing Rulebook, all riders competing in the Combined Training must wear a properly fastened protective headgear that is tagged with a current visible EA 'helmet tag'.
- Tests (excluding CT105) may be called.

The first to fourth place getters of the National qualifying events marked by 'Nat column' are eligible to represent Western Australia at the Australian Championships.

SCORING SYSTEM

- As Combined Training runs under EA Eventing Rules, riders are placed based on the number of penalties they incur over the 2 phases. The rider with the least penalties when penalties from the dressage and jumping phases are added will be the winner. Dressage penalties are calculated by subtracting the average percentage from 100. The result is always rounded to one decimal point. Jumping penalties are calculated in the normal manner as per Jumping Annex J.
- In the case of equal scores for placings in a class, the rider with the best dressage score (least penalties) will be the higher placed. If equality still exists, the closest to the optimum time (under the time set) in the jumping element will be the higher placed. If there is still a tie, then the placings will be shared and the subsequent place not awarded.
- In each class the first placed horse will receive 30 points, second will receive 29 points, third will receive 28 points and so on down to 30th horse receiving 1 point, if there are more than 30 riders in a class, they receive no points beyond 30th place. These points are used to determine Individual and Team Awards.
